TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Plaistow in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Plaistow on Tuesday, the ninth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation of the same.
3. To see if the Town will vote to instruct the Board of Fire Engineers and Selectmen to purchase a new piece of fire apparatus with at least a 500 gallon pump, to cost not over \$9000, to be paid for as follows: \$4000 to come out of the town surplus; \$3000 out of this year's appropriation and \$2000 out of the 1949 appropriation.
4. To see if the Town will vote to raise and appropriate the sum of Three Hundred Dollars (\$300) for the supervision and maintenance of a summer recreational program the same to be administered by the officers of the Plaistow Parent-Teacher Association.
5. To see if the Town will vote to raise and appropriate the sum of \$272.37 to be applied to the allotment by the state of \$1000.47 for improvement of town roads.

6. To see if the Town will vote to instruct the moderator to appoint a committee of five citizens for the purpose of making plans for the celebration of the 200th Anniversary of the founding of the Town of Plaistow in 1949.

7. To see if the Town will vote to authorize the Selectmen to spend \$2000 of the surplus for the continuance of the repair of the Town Hall.

8. To see if the Town will vote to authorize the Selectmen to increase the rent of the Town Hall.

9. To see if the Town will vote to raise and appropriate the sum of \$1000 to be spent at the discretion of the Selectmen for the purpose of acquiring necessary land and initiating the development of a Memorial to the Veterans of World War II.

10. To see if the Town will vote to instruct the moderator to appoint a committee of seven citizens to work with the Selectmen to continue to develop plans for a Memorial to the Veterans of World War II.

11. Shall the Town vote that any Item purchased, or work performed under contract in excess of \$100.00 be advertised for bids, said bids to be publicly published. (By Petition.)

12. Shall the Town vote to increase the rents of the offices in Town Hall the sum of \$500.00 each per year. (By Petition.)

13. To see what action the Town will take regarding the following trust funds:

Eruina B. Moxey Fund	\$200.00
Nettie Nason Clement Fund	100.00
Eugene P. Davis Fund	100.00
Johnson Hudson Fund	100.00
George Sargent Fund	100.00
Joseph S. Hills and Gayton C. Greeley Fund	200.00
Cleophas Phelon Fund	200.00
James Isaac Brown Fund	200.00

14. To see if the Town will authorize the Selectmen to borrow money in anticipation of tax collections.

15. To see if the Town will vote to accept as submitted, the reports of Agents, Auditors and other officers and Committees heretofore appointed.

Article 16. To bring in your vote for a delegate to the Constitutional Convention.

Given under our hands and seal this 23rd day of February, in the year of our Lord nineteen hundred and forty-eight.

JOHN A. PALMER,
HARRY W. FLANDERS,
ARTHUR J. DENAULT,

Selectmen of Plaistow.

A true copy of Warrant—Attest:

JOHN A. PALMER,
HARRY W. FLANDERS,

Selectmen of Plaistow.

REPORT OF THE LIBRARIAN

The Trustees and Librarian are glad that so much interest has been shown in the library this past year and hope that it will interest even more in the future. The

circulation for 1947 is the largest in the history of the Plaistow Library. We have borrowed about 160 books from the State Library at Concord, N. H., during this past year, in answer to requests for various fiction and reference material.

Our sincere thanks to the following persons for gifts of magazines and books during 1947: Mr. and Mrs. Fred Smith, Mr. and Mrs. Frank Howard, Mrs. William Nelson, Mrs. Carroll Dunn; Mrs. Robert Herrick, Mrs. Donald Murray, Miss Arlene Whitman; Mr. and Mrs. Sherman Murdock, Mr. and Mrs. Carl R. Lloyd, Mrs. Edwina Cate, Mr. and Mrs. Paul Cronk, Paul D. Palmer, Mrs. Beulah Landry, Mrs. George Nourse, Mrs. Ralph Holmes, Mrs. E. A. Landman, Norman Roberts, George Coady, Miss Fannie B. George, Plaistow P. T. A., and Mrs. Willard Hicks.

This past year we have purchased two new sets of Encyclopedias for the library, The Compton's Pictured and the Americana. These are excellent sets of reference materials with 1947 copyrights.

A cordial invitation is extended to all to visit and use "your library" in 1948.

Respectfully submitted,

RUTH C. COOK,

Librarian.

REPORT OF PLAISTOW FIRE DEPARTMENT

I hereby submit the following report for the department for the year 1947:

There were thirty-nine calls answered. Six of these were building fires; five for chimney fires; two false alarms; the remainder were grass and woods fires.

The department assisted in six out-of-town calls and called for out-of-town aid on one fire.

The total fire loss including insurance paid was \$759.56.

Mention should be made of the dangerous drought

which we went through in the fall. Credit should be given to the citizens of Plaistow for their carefulness during that time. I would like to thank the City Oil Transportation Co. for their very valuable assistance for transporting water for us and to other citizens who furnished us with means of transporting water; the ladies who furnished lunches to the firemen during the emergency; and the American Legion and other citizens who volunteered their time by giving us a 24-hour watch patrol.

Respectfully submitted,

JOHN A. PALMER, Chief.

FOREST FIRE PROBLEM SERIOUS

The year 1947 was one of the worst periods of drouth and forest fire occurrence in eastern United States history. Lack of water ruined crops, lowered water levels and dried up brooks everywhere. Three months of deficient rainfall and abnormally high temperatures resulted in many fires which were mostly well controlled and kept within bounds. Only the high winds beginning on October 23rd caused a few fires to escape beyond immediate control. These few fires resulted in burning some 15,000 acres and the loss of 63 or more buildings in four New Hampshire towns.

All October fires were costly. They burned deeply in the ground and required day and night patrol of large crews of men until the rains came late in October. Towns which escaped from serious fires might easily have been in the midst of the most serious conflagrations we had.

Governor Dale closed the woods effective at midnight of October 15th. With the blow-up of October 23rd, a second proclamation closed all back roads and authorized towns to inaugurate patrol. The effect of this was to cut down subsequent fires for the rest of the dry period.

Local fire warden forces performed an admirable job to hold the more than 200 fires that occurred during this October period. Many men were taxed to the utmost as the emergency continued. To them and all those who did their work, the people of New Hampshire owe a debt of

gratitude. The state forest fire control agency based on local town wardens and town crews wherever adequately equipped rose to the occasion and met the test in whatever town their services were needed.

It is now time to take stock everywhere of our fire fighting facilities for the season ahead and to make them adequate where necessary. To this end town fire plans and training programs for wardens, deputies and other key men in each district are being arranged or in progress. If equipment and tools are insufficient properly to equip the available man power in each community with the right tools for the job, they should be provided for at once. The yearly addition of fire tools to the town supply will generally need to be built up. The state sells tools to the towns and shares one-half their cost. Good equipment is important and can help greatly to keep both damage and fire costs at a minimum.

For many years we have requested our wardens not to issue burning permits except on rainy days. This regulation will be in effect again this year as it is one of the best means of assuring such fires from getting out of control. Nine out of every ten fires can be prevented, 98 percent of all fires being due to human carelessness. Be sure to get a permit for any fire in or near woodland when the ground is free from snow. Be sure your fires are always out before you leave them. Help us in getting the travelling public to keep from throwing out lighted matches or cigarettes. Be careful of all fires in or near woodland.

MERTON A. WEBBER,

District Chief

PLAISTOW PLAYGROUND PROJECT

The Plaistow Playground was held for the fifth consecutive year for a period of six weeks from July 14, 1947-August 22, 1947. This project is financed mostly through town funds and is sponsored by the Plaistow P. T. A. and administered by a committee of the organization. The cost this year was \$347.59. The Town Appropriation was \$300, and the P. T. A. furnished the balance, \$47.59.

The instructors were Mr. John W. McDonnell, Trade School Teacher and Miss Dora Gardella, Grade School Teacher of Haverhill, who have been in charge in past years. The Playground was held morning and afternoon four days a week during the six weeks period. There were 190 children registered. The largest number to attend for total morning and afternoon sessions in one day were 191. Miss Gardella instructed the children of Pre-school age and the girls of school age. They enjoyed the trapeze, swings, teeters, croquet, badminton, outdoor basketball, group games and hand-work, etc. Competitive contests were held with other playgrounds and many hikes were taken. Mr. McDonnell supervised the boys, and track, baseball, and many other sports were enjoyed. Baseball, of course, was the main sport. Several teams were organized, Midget, Intermediate, Junior and Senior and instructed in the proper manner of playing. Several games were played with other playground groups.

The outstanding activity was swimming. For the first time the children were given swimming instruction twice a week at Angle Pond. The Red Cross paid for bus transportation and for two certified swimming instructors. One hundred and twenty-three children attended the classes at various times. Their ages were from Pre-school through high school. The average attendance was 59. Learners' Certificates were earned by 27. 25 children were awarded Intermediate Swimming Certificates and 6 boys won the coveted Junior Red Cross Life Saving Badges.

Miss Gardella supervised a bus trip of younger children to the Benson Animal Farm and Mr. McDonnell had charge of a bus load of boys and girls who attended a Big League Baseball Double Header in Boston.

The expenses of the Playground were as follows: Salaries, Mr. McDonnell, \$162, Miss Gardella, \$120, total salaries, \$282. New Equipment, (Trapeze Set) \$10.00. Supplies, \$29.84. Emblems, \$15.75. Transportation (Ball game and Animal Farm) \$10.00. Total \$347.59.

The attendance was much better than in previous years and all parts of the town were better represented.

Respectfully submitted,

PLAISTOW P. T. ASSOCIATION

Chairman Recreation Committee

ANNUAL REPORT
of the
SCHOOL BOARD
of the
TOWN OF PLAISTOW, N. H.

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Plaistow qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 6th day of March, 1948, at seven o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Member of the School Board for the ensuing year.
5. To choose a Treasurer for the ensuing year.
6. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
7. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
8. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
9. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.
10. To see what sum of money the district will vote to raise and appropriate for the purpose of painting part of the inside of the Pollard School.

11. To see if the district will vote to raise and appropriate a sum of \$500.00 for the purpose of purchasing desks for the Pollard School.

12. To see what sum of money the district will vote to raise and appropriate to increase the toilet and lavatory facilities in the Pollard School.

13. To see if the School District will authorize the School Board to enter into a new contract with the City of Haverhill, Massachusetts, for the payment of tuition at the official rate set for tuition pupils at Haverhill High School, by said city.

14. To transact any further business that may legally come before the meeting.

Given under our hands at said Plaistow this 9th day of February, 1948.

CHOATE E. McKENZIE,
CHARLES A. JOHNSON,
IRVING S. GILMAN,

School Board.

A true copy of Warrant—Attest:

CHOATE E. McKENZIE,
CHARLES A. JOHNSON,
IRVING S. GILMAN,

School Board.

The Polls will be open to vote for District Officers from 6:30 to 8 p. m.

The other articles in this warrant will be taken up at eight o'clock.

SCHOOL BOARD'S ESTIMATE FOR 1948-1949

SCHOOL DISTRICT OF PLAISTOW

PAULINE A. DANIELS,

July 14, 1947

District Treasurer

AUDITOR'S CERTIFICATE

(Required by the State Board of Education from all State Aided Districts)

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Plaistow, of which the above is a true summary for the fiscal year ending June 30, 1947, and find them correct in all respects.

CLIFTON E. COOK,
PAUL D. PALMER,

July 14, 1947

Auditors

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Board of Education and the Citizens of Plaistow:

I hereby submit my first Annual Report. This report will include supplementary staff reports from the Supervisor of Music Instruction, the Supervisor of Art Instruction, and the Director of Health Services. The report will cover statistical information concerning the school year beginning July 1, 1946, and ending June 30, 1947, with additional information concerning the status of the schools from July 1, 1947 to Dec. 31, 1947.

I. GENERAL INFORMATION

The total school enrollment reached an alltime high of 246 pupils registered for 1946-47. During the school year 1947-48 the trend is upward with a record September enrollment of 257. Our enrollment in the secondary schools shows this trend with a total enrollment in 1946-47 of 63 and 72 for 1947-48.

We have been very fortunate in holding our teaching staff, which by-and-large, measures favorably with those of other schools in New Hampshire and neighboring Massachusetts. Miss Dorothea Martin, a graduate of Massachusetts School of Art, and with two years experience in the Hampton and Durham Schools, was added to the staff as Supervisor of Art Instruction.

The Good Citizenship Medal was awarded to Shirley Fuller, and she is to be commended for her proficiency and excellence in these areas.

II. CURRICULUM

A. General—I have found the curriculum, followed at the Pollard School, to be sufficient, and if followed should assure reasonable proficiency in the 3 R's, and adequate preparation for those who will go on to the secondary

school. An integrated program of health and science is offered, as well as opportunities to develop good citizenship habits and social responsibility.

B. Audio-Visual Education—An effort is being made to enlarge upon the use of the comparatively new aids to teaching and learning, the sound motion pictures, records, and still panorama. When money and personnel are available, much more should be done in this area. In this same field, each grade from four to eight inclusive has been provided with a minimum of up-to-date maps and globes.

C. Testing Program—A minimum testing program is in operation in which each pupil during his school tenure is tested to determine "his ability to learn from books" and paralleling this, achievement tests are given in grades four to eight inclusive, to determine how far he has gone in "his learning from books." These test results are used in part as "starting points" from which the teacher may aid the pupils in overcoming their subject difficulties.

D. Arts and Crafts, and Vocational Subjects—The areas of arts and crafts for boys and Home Economics for girls is covered on an activity basis, and is not to be looked upon as other specific subject areas which meet daily.

E. Music—Under the supervision of Mrs. Thompson, our music has progressed. Music appreciation and operettas have paralleled the voice instruction program.

III. TEACHERS AND PROFESSIONAL ADVANCEMENT

Plaistow is fortunate in having a staff of well trained teachers interested in boys and girls, and conscious of the need for continuous study in our dynamic society. During this school year a Citizenship Workshop for teachers was organized. Under the direction of the State Board of Education, the teachers and superintendent met for three days discussing new trends in education, working on personal teaching problems, and examining new materials for use in our classrooms. To follow this program of professional improvement, a three-week summer school for in-service training of teachers is anticipated.

IV. SCHOOL AND COMMUNITY ACTIVITIES

We are fortunate to find such a close liaison between the school and community. Through the efforts of an active Parent Teacher Association, a modified hot lunch program and a summer playground activity has been in operation. The Plaistow Public Library, under the guidance of Mrs. Cook and the teachers, has worked out a program which is unusual in communities such as ours. Pupils through this program are guided in their book selections and lasting habits of enjoyable reading are formed.

V. RECOMMENDATIONS AND CONCLUSIONS

This section of the report might well be called "A Plan for the Future." In no way should it be implied that these recommendations are "musts," but merely a program upon which you the public must decide.

A. Teacher Status—In order to maintain our present staff of efficient teachers, and secure adequate replacements, salary increases seem necessary. The unending rise in the cost of living throughout the nation makes this of paramount importance. With the enrollments up, and it seems that the trend will continue, an additional teacher for the elementary staff should be contemplated. Some definite steps should be taken to care for the needs of our young people in guidance, physical education, and remedial help. An additional male teacher on the staff, would in my opinion, make it possible to provide aid in these areas.

B. Music—When funds and space are available I recommend that instruction in instrumental music be added to the curriculum with the idea of establishing a school band and/or orchestra.

C. Health and Physical Education—When space and funds are available, and with the help of local organizations, there should be established annual dental clinics, and a program of physical examinations. When funds and adequate facilities become available, an expanded Hot Lunch Program should be instituted, using Federal Funds which are available, to defray part of the cost.

D. Textbooks and Scholars' Supplies—During the War Period it was impossible to carry out an efficient policy on textbook adoption and replacement. As a result, many of our texts are overworn, outdated, or inadequate. I therefore recommend a revolving policy of textbook replacement so that in no one year unusual amounts need be spent in this category.

Along with other commodities, the price index for books, paper, etc., has increased from 10% to 25% over last year, making it necessary to increase the appropriation in these areas.

E. Maintenance and Repair—The state of maintenance of the Pollard School is such that immediate action seems necessary in order that the present structure be maintained. The repair of all window sash is necessary, as well as a planned program of classroom painting and decoration, which could cover a period of years. The present state of sanitation in the boys' toilet is such that provision should be made to replace the present urinals. Adequate lavatories for both the boys and girls seem advisable. When funds are available, hot water facilities should be installed for use in the Home Economics and the Hot Lunch Programs.

F. State Aid—Due to the increase in the enrollment in the schools of New Hampshire, we must anticipate a decrease of from four to five dollars State Aid on all pupils enrolled in our schools. Therefore, the principle of underestimating the income received from outside sources should be viewed with care.

G. Planning for the Future—While there are different points of view concerning the early growth of school attendance, all observers are agreed that by 1950 in the United States we shall have a record enrollment, particularly in the elementary schools.

The following is the projected enrollment increase in our schools, based on statistics compiled by the Metropolitan Life Insurance Company. This projection assumes that Plaistow will follow the national trend.

Estimate of School-Age Population in Plaistow
1947-1955

Year	No. children between 6-13
1947	251
1948	276
1949	286

1951	304
1952	316
1953	326
1954	331
1955	334

Present enrollment is 251

It is evident that there will be, in the near future, a marked increase in the school-age population and the situation calls for planning along practical lines in order that adequate provision be made for the education of these children. Therefore I recommend that a committee be appointed to include the School Board, Superintendent, representation from the Board of Selectmen, and representation from among our citizenry, for the purpose of surveying the educational needs of this community, reporting their findings at a future date.

H. Conclusion—I wish to take this opportunity to express admiration and respect for our former Superintendent, Mr. William J. Nelson, who through twenty-three years of earnest and upright administration has made teachers, boys and girls, men and women, better because of his untiring efforts for progress.

I also wish to express my sincere appreciation for the unqualified cooperation of the teaching staff, and for the guidance and ever ready aid of the School Board and community organizations. It is only by this team spirit that the needs of all the children of all the people of Plaistow can be realized.

Respectfully submitted,

L. MUNRO GRANDY,

Superintendent of Schools

REPORT OF THE PLAISTOW BOARD OF EDUCATION

To the citizens of the Town of Plaistow, N. H.

Greetings:

Your new State Superintendent of Schools, Mr. L. M. Grandy, has by now become fairly well acquainted in our local field, and familiar with the needs and responsibilities of administration in Plaistow. With his assistance your school board has made a good study of the position of the Plaistow school as it compares with educational standards and progress all over the state.

Regardless of whether one views it favorably or not, this town has expended less than the state average for the educational advantage of our children in several categories.

The upkeep and advancement of the educational program in this town depends wholly upon what the people can and will do. Future school boards will endeavor to carry out your orders in this respect and can do little more.

Superintendent Grandy has prepared his first annual report and we have examined it with him and it carries the full endorsement and approval of the board. If you will go as far as you can in adopting his recommendations, you will have increased pride and interest in your Plaistow school.

We are pleased to believe that our new Superintendent has admirable qualifications for this work with you and he has become already liked and appreciated in the Union.

In closing it is entirely fitting to remind all of the long and faithful service rendered the Union by our recently retired Superintendent, Mr. W. J. Nelson.

My own resignation as a member of the Plaistow School Board will become effective on March 1, 1948.

Wishing the utmost progress and success for the Plaistow school, my former colleagues, and the good and faithful teaching staff,

I remain yours sincerely,

CHOATE E. MCKENZIE,

February, 1948.

Chairman of the School Board.

STATISTICS FOR THE SCHOOL YEAR ENDING JUNE 30, 1947

POLLARD SCHOOL	Boys	Girls	Total	Average Membership	Average Attendance	Percent of Attendance
Pollard School						
Grade Eight	7	12	19	17.	16.22	95.38

Mid-winter Term Recess April 16

(35 teaching days)

Spring Term Begins April 26

Memorial Day Holiday May 31

School year ends on or about June 18, 1948

REPORT OF THE SUPERVISOR OF MUSIC

To Mr. Munro L. Grandy, Superintendent of Schools:

I am pleased to present the following report of my work as Supervisor of Music.

In working to accomplish the aims of Music—which include all the aims and objectives of general education, I presented a graded program in the schools. The program consisted of rote-singing, basic fundamentals of music theory, expressions of symbols, signs and their significance as applied to the composition in question.

"A singing child is a happy child"—a love to sing and a means of expression, of rejoicing, of praying and of playing and relaxing.

Musical Appreciation, including the study of the Symphony Orchestra has been an interesting phase of the program. The addition of a new record-player and several albums of new records has been a great help in carrying on this part of the program.

A musical play, Holidays on Parade, in which each grade will participate is in preparation and will be presented in the near future.

In closing I should like to thank Mr. Grandy, the School Committee and Teachers for their kind assistance in 1947.

Respectfully submitted,

EVA W. THOMPSON

ANNUAL REPORT OF SCHOOL NURSE

1946-1947

To Mr. L. Munro Grandy, Superintendent of Schools:

The following is my annual report for year ending December 31, 1947.

As in the past, each school receives as many routine visits as possible, plus the additional visits necessary to accomplish specified work.

Number of pupils given physical examinations	239
Notifications of all defects found were sent home	
Number of visits to schools	319
Number of visits to homes—follow-up work	80
Pupils given classroom inspection for Communicable Diseases	2,642
Pupils given individual examinations for pediculosis	655
Pupils excluded for pediculosis	20
Number of pupils' vision rechecked	239
Defective Vision	11
Improved or Corrected	8

One pupil received an examination by Ophthalmologist and glasses, financed by Sight Conservation Program.

Eye health program in our schools is very important. Modern educational procedures depend largely on the use of sight. It is therefore necessary for all of those concerned with the welfare of the child to know as early as possible what his eye condition is. Since eyes change with growth and accidents do occur during vacation periods of which the pupil and parent may both be unaware, periodic examinations are necessary through the school year. Ideally, every child should have a thorough medical examination, including an eye examination before he enters school.

Enlarged Glands	4
Improved or Corrected	4
Enlarged Tonsils	9
Improved or Corrected	5
Number of pupils having defective teeth	69
Pupils who have had dental corrections	60

Miss Constance Martin, R.N., staff worker of the Tuberculosis Association, aided in giving the Vollmer Test for tuberculosis, May 22-26, 1947 at the Pollard School, at which time 28 pupils were tested. Two pupils reacted "Positive" to the Vollmer Test and consulted their family physician, for advice. We are planning another Tuberculosis Clinic this coming spring.

The Salem schools are anticipating a gift of an Audiometer, a special scientific device for measuring the hearing loss. I am looking forward to using this Audiometer, and giving each pupil a hearing test in the Pollard School.

No child can learn unless he hears and understands what he hears. Many children suffer from a qualitative hearing loss, or hidden defects that no one realizes. Bright children may be stigmatized as "backward" or "lazy" when actually they are struggling under a burden of defective hearing. It has been found that the majority of hard of hearing cases can be given auricular care they need for correction, if found in time.

Every child was weighed and measured several times during the school year, and records kept on charts provided. Gain in weight is the best single sign of good nutrition in

a child. Healthy, well-nourished children differ in many respects, according to age, sex and race, and the family from which they come. They vary in body shape and size, even at the same age; some will be tall and slender, some short and stocky. The gain to be expected over any period depends upon such factors as these, as well as the child's health throughout the period. Everyday factors favorable to growth are long hours of sleep, play and exercise in open air, and a diet that includes a generous amount of milk, fruit, and vegetables.

I would like to take this opportunity to thank the School Committee, Mr. Grandy and Teachers, and all with whom I have worked, for without their interest and co-operation, my work would have been quite futile.

Respectfully submitted,

JESSIE REBECCA SOULE, R.N.

ANNUAL REPORT OF THE SUPERVISOR OF ART INSTRUCTION

To Mr. L. Munro Grandy, Superintendent of Schools:

I hereby submit my first Annual Report concerning the Art activities and instruction in Plaistow.

Due to the fact that there has been no previous Art Instructed Program, unusual and comprehensive results must be long in coming.

Our supplies have been limited, due to the fact that no previous provisions were made for this instruction. It is hoped that in the future we will have more equipment and supplies available. It is true in this instance that, "A man is as good as the tools he works with."

Art is essential in every-day living. One may not realize it, but it is our artistic taste that governs our mode of dressing, eating, and surroundings. It is good that at this time that the need is felt to develop and guide the right artistic inclinations in your children. It will make for a better community in the future.

I wish to take this opportunity to express my apprecia-

tion for the splendid cooperation shown by the teachers in order that this program might be put across.

Respectfully submitted,

DOROTHEA S. MARTIN,

Supervisor
